[arthurfernandes.me](https://arthurfernandes.me)

I am a junior frontend developer, recently graduated in Software Analysis and Development from Unicesumar (Brazil), able to create responsive web pages from the scratch, creating designs, making layouts and programming. I have experience working with data manipulation, data analysis and customer support, working in big teams and multicultural environment. As a journalism graduate, I learned how to communicate, understand people and their complexity and how to get messages passed by without losing its meaning.

## Work Experience

### DATA IMPLEMENTATION SPECIALIST - DOCTORALIA ESPAÑA

BARCELONA, SPAIN. MAY, 2021 - CURRENT

Management and manipulation of big databases to generate specific formats, necessities to new clients implementations. Process organization and maintenance to guarantee data protection and information quality in company system. Contacting with all involved teams, keeping the process flowing to ensure that every step works as the company standards, and training new import members.

### DATA ANALYST - DOCTORALIA BRASIL

CURITIBA, BRAZIL. MARCH, 2021 - MAY, 2021
