arthurfernandes.me

I recently graduated in Software Analysis and Development from Unicesumar (Brazil), able to create responsive web pages from the scratch, creating designs, making layouts and programming. I have experience working with data manipulation, data analysis and customer support, working in big teams and multicultural environment. As a journalism graduated, I learned how to communicate, understand people and their complexity and how to get messages passed by without losing its meaning.

Work Experience

DATA IMPLEMENTATION SPECIALIST - DOCTORALIA ESPAÑA

BARCELONA, SPAIN. MAY, 2021 - CURRENT
